# Event Structure and Attendance

**1** **Event Proposal and Confirmation**

An event is initiated when a member submits a proposal on **cryptonetworking.net**. For the proposal to move forward, it must be approved by 20 current members, who oversee the event selection process. Once the required approvals are secured, the event is officially published on the site and made available for attendees to view and join.

**2** **Invitation Process**

Once an event is confirmed, the initiator(s) selects up to 50 VIP+ members to receive unique invite codes. These codes are the exclusive method for inviting additional attendees, ensuring a curated and selective group of participants.

**3** **Attendance Limits**

The event is limited to a total of 500 attendees, maintaining an intimate atmosphere while allowing for meaningful and diverse networking opportunities.

**4** **Event Timeline**

Doors open at **17:00**, with the official program starting at 18:00. The evening will feature presentations, networking breaks, and will conclude with an after-party beginning at 22:00.

# VIP+ Experience: Spotlight Opportunities

## Personal Introductions

As a VIP+ ticket holder, you have the exclusive opportunity to introduce yourself on stage for one minute. This brief spotlight allows you to share your background, interests, and goals with the entire audience, maximizing your networking potential.

## Project Presentations

As a VIP+ attendee, you can submit your crypto project for a chance to be featured in the main presentation sessions. A transparent draw selects 24 projects to be showcased, giving you valuable exposure to potential partners and investors.

## Networking Badge

Your special VIP+ badge serves as a conversation starter, signaling to other attendees that you're open to in-depth discussions and potential collaborations. It's your key to unlocking premium networking opportunities throughout the event.

## Priority Access

Enjoy priority access to all event areas, including prime seating for project presentations. This ensures you won't miss any key moments or networking opportunities during the busy schedule.

# Project Presentation Showcase

**1** **Check-in (17:00)**

Attendees are welcomed as the doors open at 17:00. This hour provides time to settle in, explore the venue, and prepare for an exciting evening of networking and presentations.

**2** **VIP+ 1 min. presentation (18:00)**

At 18:00, VIP+ members take the stage for a 1-minute introduction, setting the tone for the event and highlighting key contributors. This exclusive moment showcases their leadership within the community.

**3** **Project Selection (19:00)**

A transparent live draw determines the 24 projects to be presented.

**4** **First Session (19:30 - 20:30)**

The first 12 selected projects take the stage, each with a 5-minute time slot to pitch their ideas, showcase their technology, and engage the audience.

**5** **Networking Break (20:30 - 21:00)**

A 30-minute intermission allows attendees to discuss the presentations, connect with project teams, and refuel with food and drinks.

**6** **Second Session (21:00 - 22:00)**

The remaining 12 projects present, completing the showcase and providing a comprehensive overview of innovative ideas in the crypto space.

**7** **After Party (22:00)**

Relax and network with fellow attendees in a casual setting to close out the evening.
